The following Resolution was offered by Councilperson Greenwood and supported by Councilperson Smith.

**RESOLUTION**

**WHEREAS**, the City of the Village of Douglas and many other lakefront communities are dependent on harbors for continued vitality, safety and expansion; and

**WHEREAS**, the City of the Village of Douglas' harbor and many other harbors in the Great Lakes require regular maintenance because of sedimentation, low water levels, storm events and other natural lake processes; and

**WHEREAS**, due to recent congressional action preventing the U.S. Army Corps of Engineers from allocating sufficient funds for the maintenance of commercial and small harbors in Great Lakes; the City of the Village of Douglas, in coalition with other harbor communities, will be forced to seek Congressional assistance to secure funds for dredging; and

WHEREAS, if the City of the Village of Douglas harbor is not properly maintained it could soon become ineffective, thereby resulting in increased risk to health, safety and significant economic loss.

**NOW, THEREFORE, BE IT RESOLVED**, that this resolution signed by the City Council of the City of the Village of Douglas demonstrates concern for the well being and sustainability of our harbor, as well as other Great Lakes Harbors. Energy, security, economic activity, jobs, as well as health and safety could be compromised. This City Council, representing the interests of the citizens of the City of the Village of Douglas, as our representatives in the United States Congress, the Honorable Representative Bill Huizenga and the Honorable Senators Levin and Stabenow, to support and co-sponsor H.R. 104 and SB 412; calling for the full use of the Harbor Maintenance Trust fund to address our aging harbors before they are no longer viable and communities dependent on such are in crisis.
