

E-Waste Recycling Opportunity Saturday, June 5 9 am - 1 pm DeMond's SuperValu Parking Lot, Douglas

Put Saturday, June 5, 2010 on your calendars! A free ***E-WASTE RECYCLING OPPORTUNITY*** is coming back to Saugatuck-Douglas for a second time. Last year we collected close to 9,000 pounds. This year we want to get the business and residential community involved in recycling. We are setting a goal to collect 15,000 pounds! Electronic waste is a growing concern to our environment. When put in landfills, e-waste can leak harmful toxins into our soil and water. You can help make a difference on June 5th.

All Saints' Episcopal Church in Saugatuck is partnering with West Michigan Creation Care to bring e-waste recycler, Comprenew Environmental, to hold another drop-off collection in DeMond's Grocery parking lot for many business and household electronic items as well as computer components and accessories.

You clean your attics, basements, or garages of your e-waste and bring it to us to load in a huge Haworth trailer. All is free to you with the exception of a \$10 donation for each television. TVs have dangerous chemicals that need to be processed in a much more rigorous manner.

Lists of appropriate items for recycling will be available in local churches, stores and city offices. Please help us reach the 15,000-pound goal, and clean out those old items taking up space!
