

# PRESS RELEASE

## ROAD CONSTRUCTION IN DOUGLAS

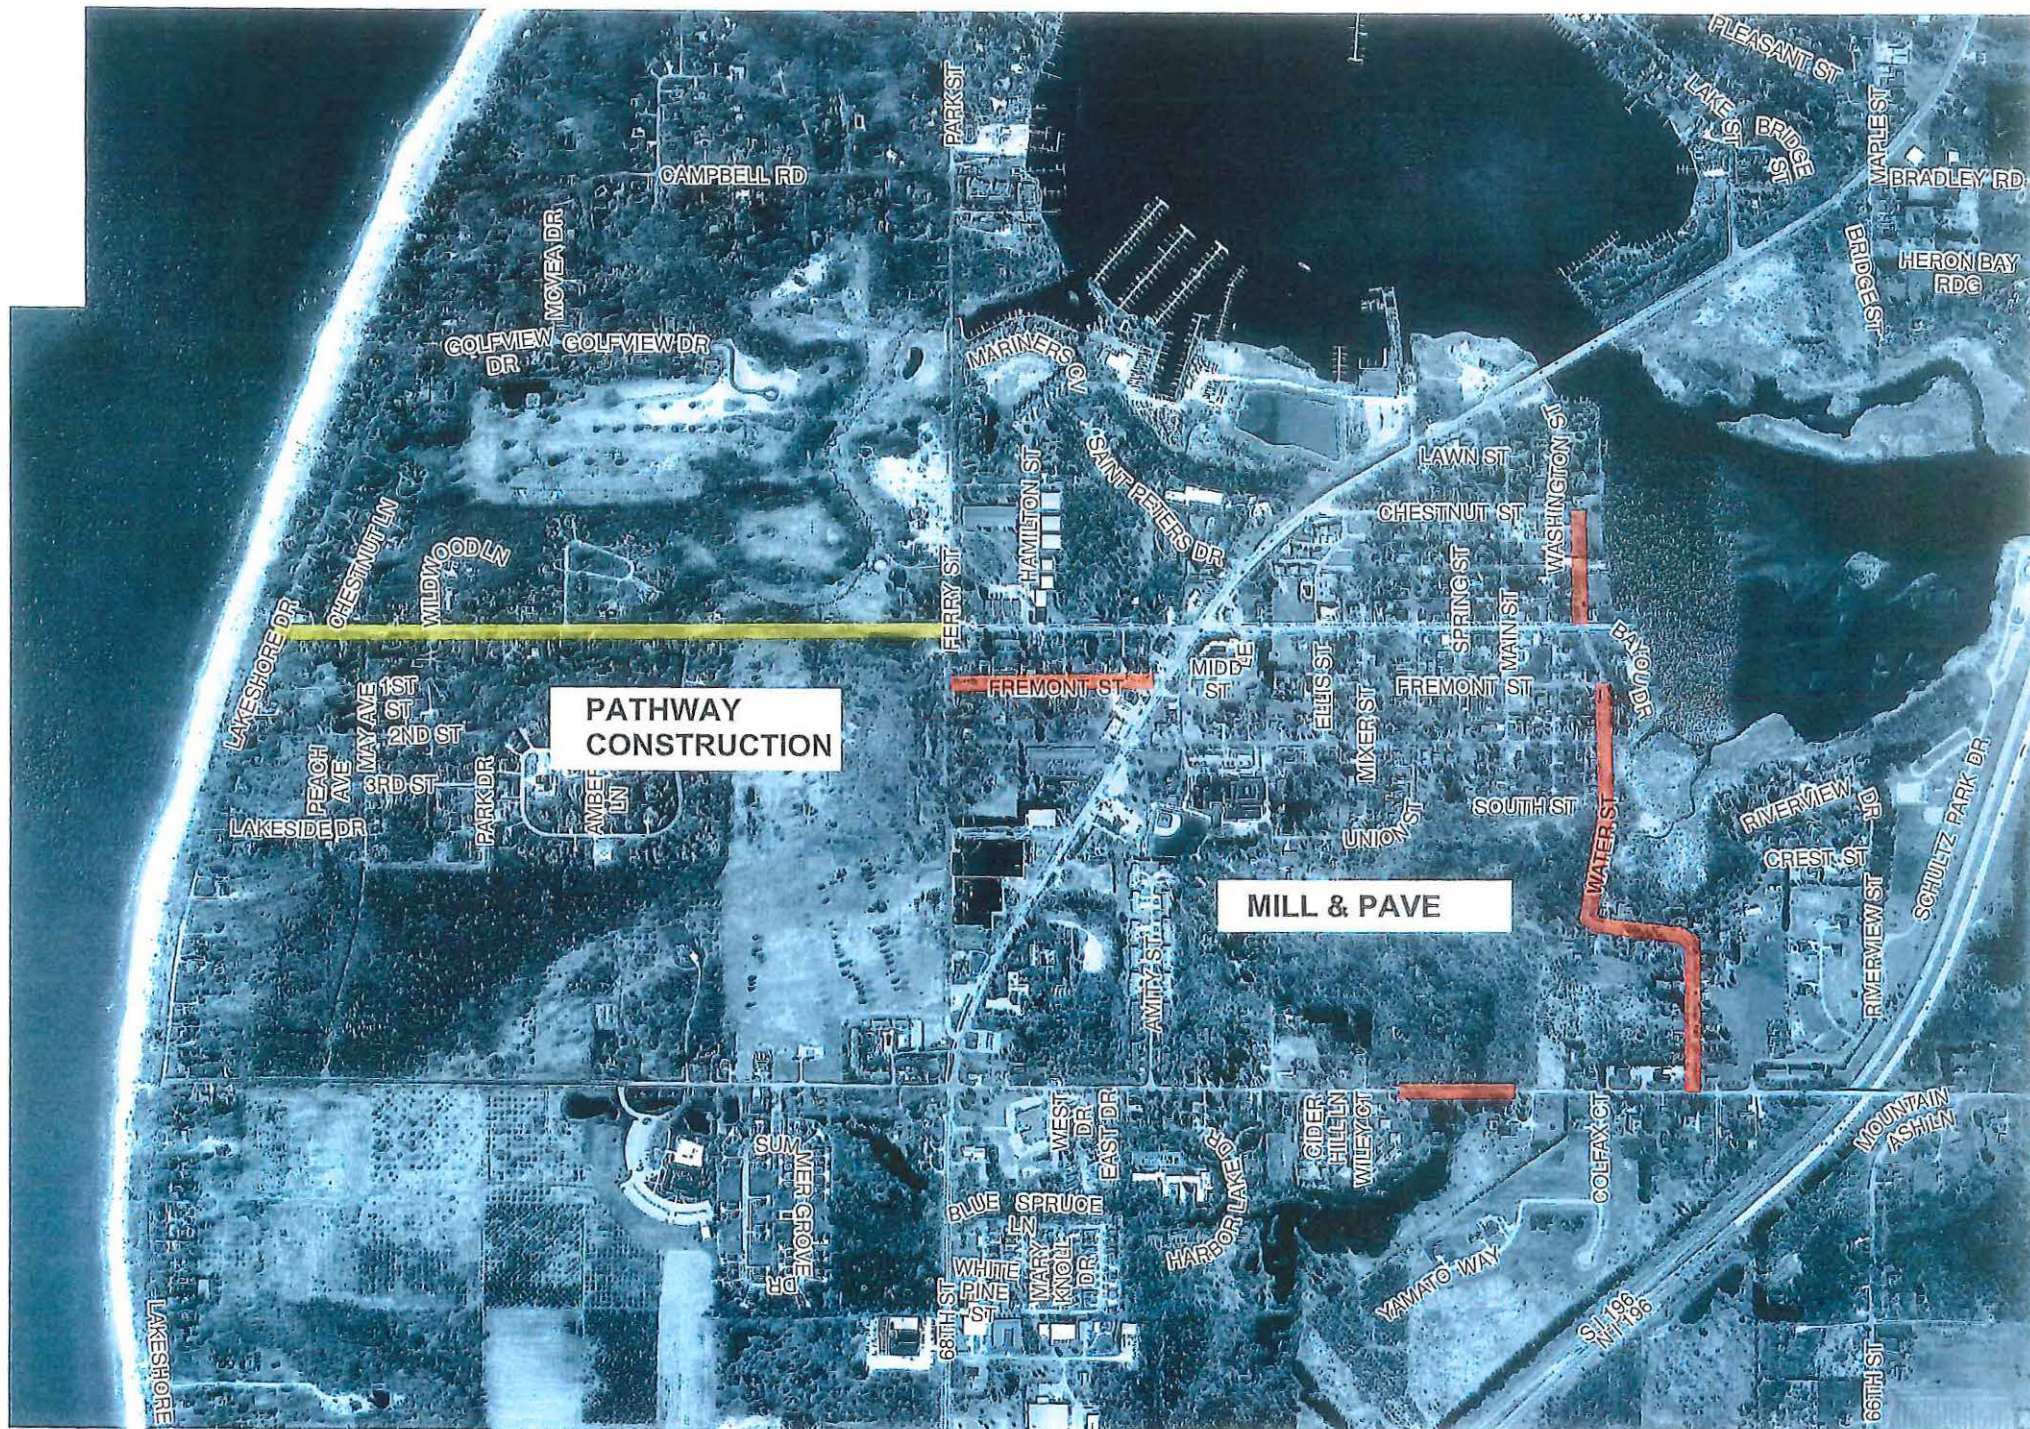

**Douglas, MI - June 29, 2017:** With a new road construction contract awarded, road reconstruction will begin on July 12<sup>th</sup> and run through August 18<sup>th</sup> in the City of Douglas.

The road mill & pave areas are:

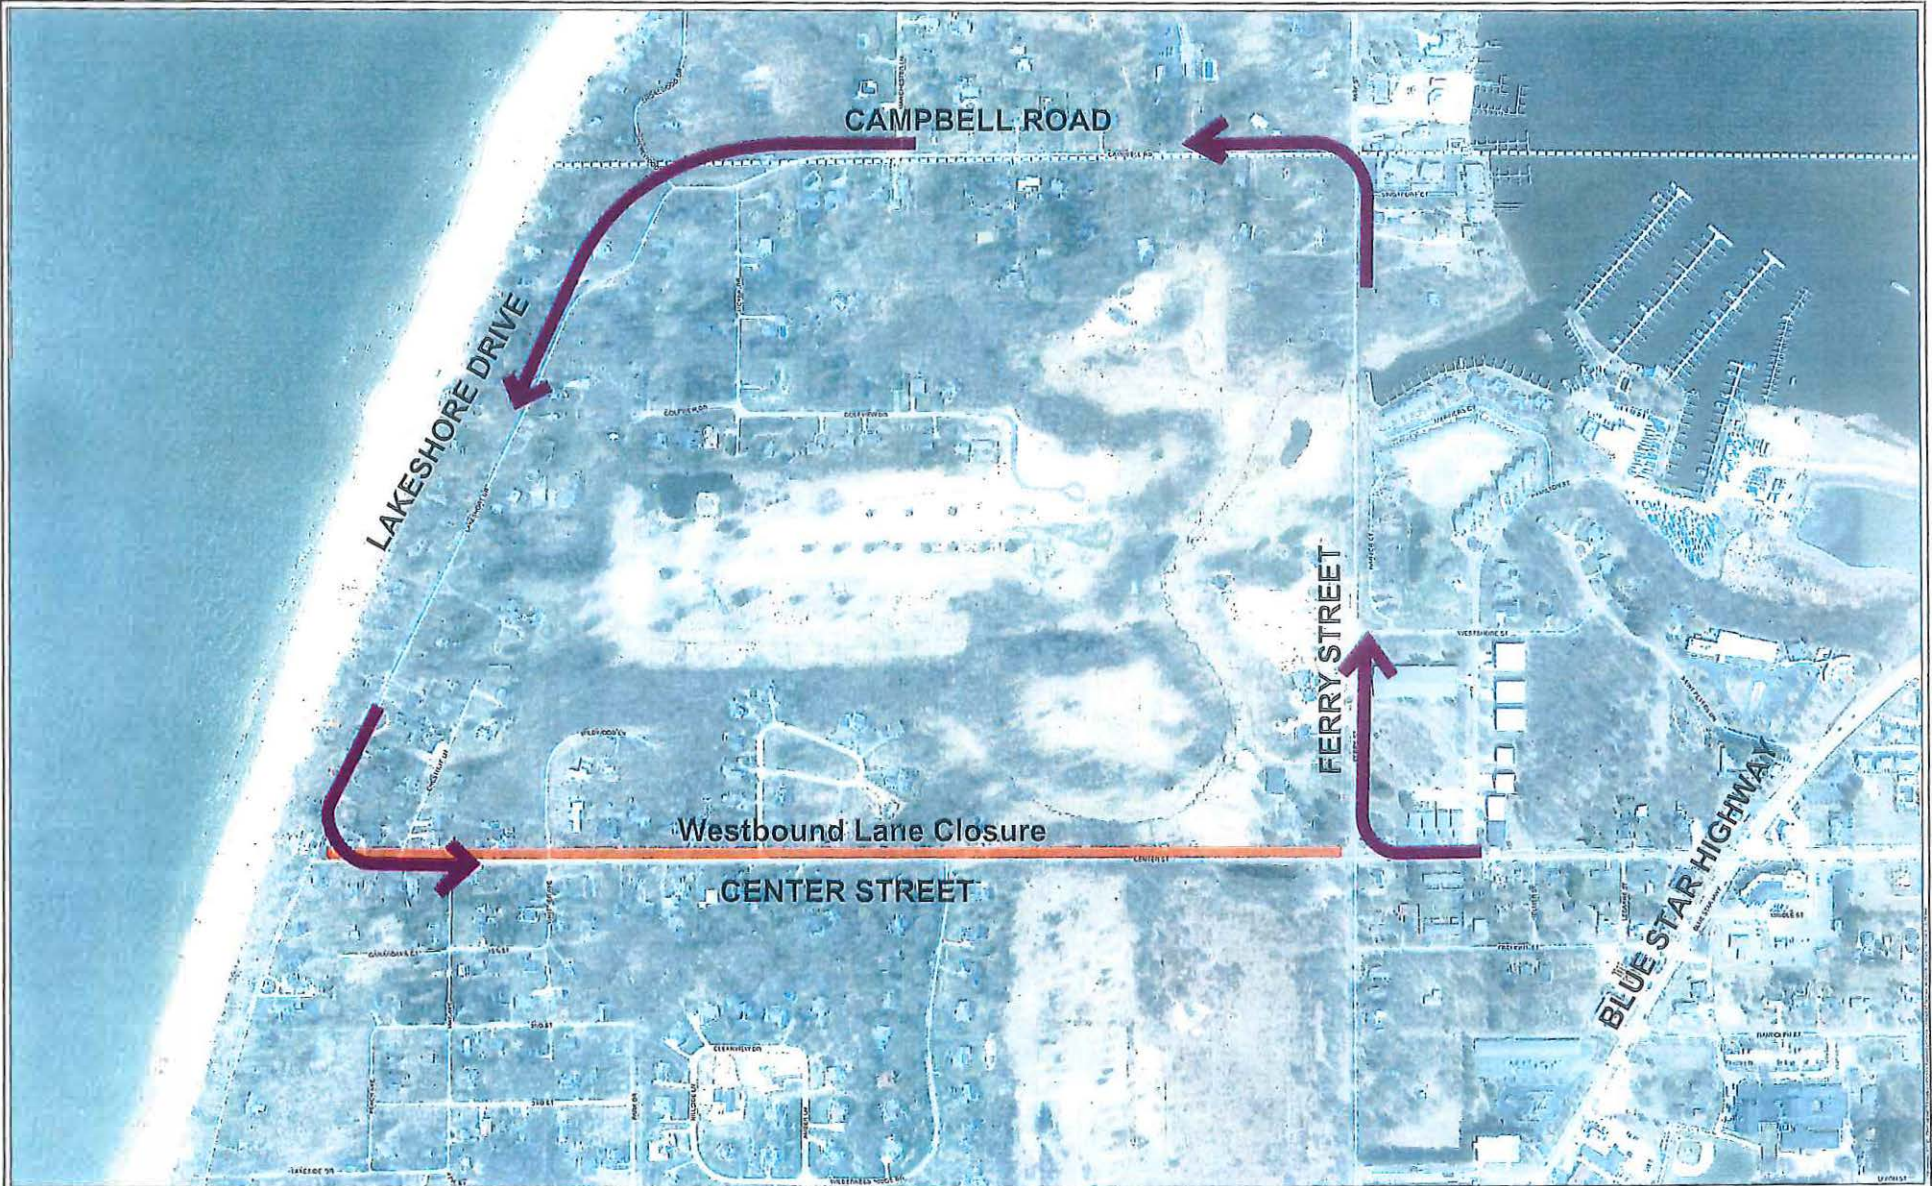

- Wiley Road between Wiley Ct and Colfax Ct
- Water Street between Wiley Road and Fremont Street
- Water Street Between Center Street and Chestnut Street
- Fremont Street between Ferry Street and Lebarre

Beginning on July 12<sup>th</sup>, these road sections will be milled and re-paved. This part of the project should take approximately four days to complete. When the milling is being performed, the road sections will be closed (except for local access). These sections will then be reopened until the paving occurs. When paving begins, the roads will be closed for approximately 24 hours, except for local traffic.

This construction project will also include the final development of the Beach to Bayou Trail on Center Street from Ferry Street to Lakeshore. This project will require the northern lane closure of Center Street from Ferry to Lakeshore. A detour will be posted for west bound traffic via Ferry St. to Campbell and Lakeshore. Local traffic will be accommodated. The non-motorized trail portion of the project should take about 4 weeks.
